LIBERAL DEMOCRATS

# Save Coventry's Greenbelt

To: Coventry City Council

I / we, the undersigned:

- Are opposed to plans under Coventry's Core Strategy to build thousands of houses on greenbelt and greenfield sites inside and on the borders of Coventry.
- Believe that the proposal to build 33,500 new houses is far too many,
- Believe the strategy should be altered to propose just the 22,000 homes that can be built on existing brownfield sites.
- Believe Coventry is already a mostly dense, urban city and to reduce still further the green land in this area is completely unacceptable and should be stopped.
